Nevertheless, patients and families continue to face many challenges. They have long relied on this book for reliable advice about medical, emotional, and physical issues. Bringing this trusted guide...

Review: When my husband was diagnosed with Parkinsons Disease in 2010, we began looking for books/articles describing what his future might look like and we found very few books actually serving the purpose. Even through his Neurologist, we just could not locate books that answered most of his questions. This book does serve that purpose. Most articles/pamphlets...
